

## The “Echo & Cariño” Hope and Healing Garden~

Recognize a special pet or person in your life with an engraved brick paver in the Vet-i-Care “Hope and Healing Garden”. The beautiful plantings, benches, and brick pavers will be incorporated into our landscape to create a peaceful place of reflection. Each brick donation helps to support the lifesaving work of The Vet-i-Care Foundation. Your permanently placed brick paver will forever grace the honor walkway representing a celebration of life or symbolizing a lasting tribute.
